## AN ALABAMA MAN HUNT

TEN PEOPLE SHOT IN A BATTLE  
WITH A DESPERATE  
NEGRO.

### HE SELLS HIS LIFE DEARLY

Nine of the Victims Are Brought Down by the Fugitive's Winchester Before He Himself Is Killed—Two of the Former Are Dead, Three Will Die and Four Are Seriously Wounded.

Tuscumbia, Ala., April 7.—Three men are dead, three mortally wounded and four seriously wounded as the result of an attempt by Sheriff Gassaway to arrest Will Reynolds, a desperate negro. The dead are: Hugh Jones, Bob Wallace and Will Reynolds. The fatally wounded are: Sheriff Charles Gassaway, Will Gassaway and P. A. Prout.

All the foregoing casualties except the death of Reynolds himself are the result of the deadly fire of Reynolds with a Winchester. The negro was in his turn riddled and thrown into a fire.

Sheriff Gassaway went to a negro settlement, "Knardtown," to arrest Will Reynolds for obtaining goods under false pretenses. The officer was met by the negro, who opened fire with a Winchester, wounding the sheriff and immediately firing upon the deputy, Will Gassaway, who was some 300 yards away, mortally wounding him.

As soon as possible every man in town who could procure a gun was in the neighborhood, but owing to the location none dared venture into the open space. Dynamite was procured and the house in which the negro was barricaded was fired upon, but to no effect. At 1 o'clock Captain Simpson of the Wheeler rifles arrived with 12 guns and 1,000 cartridges, which were distributed among 12 picked men. This company was stationed around the house and riddled it, but the negro had taken refuge in the cellar and returned the fire, killing Jones. Coal oil was then procured and after four hours of hard work the houses adjoining that in which the negro was located were fired by the Wheeler rifles, who had arrived on the scene. The negro took refuge in a shed and opened fire, killing Wallace, but the people and some militiamen riddled the negro, and the crowd, numbering 1,000, grabbed the body and threw it into the burning building. Wallace, who was killed, was closing in on the negro, who shot him through the body. His body fell in the burning debris, but was recovered.

Relic seekers cut off the negro's fingers and such parts of the body as could be procured. Three houses were burned in the effort to reach the negro. Several horses were killed in the battle. It is reported that the sheriff and his brother have no chance to live. So deadly was the negro's aim that it was possibly an hour before the body of Prout could be recovered. Not a shot was fired by Reynolds that did not tell when those whom he was firing upon were seen.

Fully 2,000 people from Florence and Sheffield are here and every surgeon in the two towns was pressed into service.

### THE PACIFIC CABLE.

Will Be Built Irrespective of Congressional Action.

San Francisco, April 7.—George C. Ward of New York, vice president of the Commercial Cable company, arrived here during the day to select a landing place for the projected cable between this coast and the Philippines. Mr. Ward is accompanied by Charles Curtiss, the company's chief electrician. While here Mr. Ward will consult with John W. Mackay, president of the company. Mr. Ward said: "We are going to build the cable irrespective of congressional action. The first link between San Francisco and Honolulu will be completed by the end of next October. The cable will be shipped from England next July. It has not yet been decided where we will land on this coast. It will either be at Monterey or this city, probably the latter."

### GIVES BOTHA CREDIT.

Much Wanton Destruction Has Been Avoided in South Africa.

Johannesburg, April 7.—A meeting of the chamber of mines, the first since the beginning of the war, has been held here. The president of the chamber said in an address that it was greatly due to General Botha that much wanton destruction had been avoided, as he had held the command of the town personally responsible for the destruction of any property which might occur.

The president also said it was highly probable that by next July half the mining industry would be in operation and that before many months full working would be resumed.

W. J. Furniss, a banker of Pendleton, was nominated on the first ballot for governor by the Republican state convention at Portland, Or.

### RELIEF FOR THE BOERS.

Donations for That Purpose Will Be Sent to President Roosevelt.

Chicago, April 7.—A certified check for \$5,000, drawn to the order of President Roosevelt, was forwarded to the president on March 28 by the committee of citizens which Governor Yates appointed in December last to raise funds for the relief of Boer women and children in the concentration camps of South Africa. Inasmuch as the committee was without satisfactory means of forwarding the money President Roosevelt was requested to accept the fund and have it forwarded through such channels as he might deem best, to be disbursed for the relief of the sufferers for whom it was intended.

A letter from Secretary Hay, under date of April 3, has been received by Peter Van Vlissingen, secretary of the Illinois committee, acknowledging the receipt of the check by President Roosevelt and stating that, as directed by the president, the money has been forwarded to the United States consul general at Cape Town, that being, in the president's opinion, the most expeditious way of transmitting it to its destination. The consular officer at Cape Town, Secretary Hay states, has been directed to distribute the fund in the manner intended by the donors.

President Roosevelt and the secretary of state having so readily complied with this first request, Mr. Van Vlissingen announces that it is now the purpose of the committee to undertake the collection of a much larger sum and that systematic effort will be made throughout the state to collect checks and drafts for \$1 each, payable to Theodore Roosevelt. These checks and drafts, Mr. Van Vlissingen states, will be forwarded to the president from time to time as they accumulate.

### BROOKE TO INVESTIGATE.

Alleged British Military Camp in Louisiana to Be Looked Into.

Washington, April 7.—Attorney General Knox has officially recommended to the secretary of state that an investigation be made by the national government into the allegations of Governor Heard that the British government is exceeding its rights under the neutrality laws in maintaining a depot at Port Chalmette, La., near New Orleans, for the assembling and shipping of horses, mules and other supplies to the British military forces in South Africa.

In other words, the attorney general has recommended that an investigation be made as to whether the British government is maintaining a military camp in Louisiana.

The attorney general contends that the statements and affidavits furnished by the governor of Louisiana to the secretary of state are sufficient to raise the question as to whether British agents at Port Chalmette are not violating the neutrality laws.

Mr. Knox declines to pass upon the question, as he has not sufficient evidence in hand to justify him in doing so. He contends that the first step necessary is to ascertain whether, if proved, they constitute transgressions against the law of nations. In anticipating the view of the attorney general President Roosevelt directed the secretary of state to order an immediate investigation of the facts in the case, and Governor Heard has been advised of this action.

Major General John R. Brooke will make the investigation on behalf of the government.

### POPE'S SILVER JUBILEE.

Solemn and Elaborate Ceremonies Held at Baltimore.

Baltimore, April 7.—The silver jubilee of Pope Leo XIII was observed with solemn and unusually elaborate services at the cathedral Sunday. The ceremony was marked by the presence of two cardinals, Cardinal Martinelli, the apostolic delegate, who came over from Washington to take part in the services, pontificated, and Cardinal Gibbons, who preached the sermon. Notwithstanding the inclemency of the weather a large congregation was present.

At the conclusion of the pontifical mass Rev. Father O'Donovan of Cardinal Gibbons' household read a papal brief extending special plenary indulgence to all Catholics of the archdiocese who attended the triduum.

At 7 a. m. Cardinal Gibbons celebrated mass at a special service for the cathedral sodality, at which 1,000 persons received communion and the papal blessing.

Manila, April 7.—General Jacob H. Smith, commanding the American forces on the island of Samar, has arrived here to testify in the case of Major Waller of the marine corps. General Smith said he considered Guevarra, the rebel leader in Samar, who is to surrender April 15, a man of energy and intelligence, and that the armistice in Samar was being faithfully kept.

Conditions in the provinces of Batangas and Laguna, Luzon, are satisfactory and rifles are being turned in daily.

There has been a total of 155 cases and 119 deaths from cholera here since the disease first broke out.

## GREAT STRUGGLE ON

BATTLE OVER CUBAN RECIPRO-  
CITY TO BE FOUGHT IN THE  
HOUSE THIS WEEK.

### SITUATION IS COMPLICATED

Democrats Divided Into Three Factions—One Favors a Still Heavier Reduction, Another No Reduction and a Third Wants Annexation—Recalcitrant Republicans Now Number Less Than Thirty.

Washington, April 7.—The great battle over Cuban reciprocity, which created such a protracted struggle among the Republicans, both in caucus and in the committee on ways and means, will be fought on the floor of the house this week. The ultimate passage of the Payne bill for a 20 per cent reduction on the products of Cuba after the negotiation of a reciprocity treaty and the enactment of our immigration laws by the republic of Cuba is regarded as a foregone conclusion, but the situation is a complicated one owing to the divisions among the Democrats as well as the Republicans. How far the Republican opponents of the proposed legislation will carry their opposition is not definitely determined. The strength of this opposition has dwindled until it probably numbers less than 30. On the other hand, up to the present time a large majority of the Democrats favor the greatest possible freedom of trade with Cuba and would vote for a deeper cut than the ways and means committee's bill proposes. Others, like Newlands of Nevada, are in favor of the immediate annexation of the islands and quite a number under the lead of the Louisiana members will oppose strenuously any tariff concessions whatever. It is hinted that the attitude of the Democrats in the senate who have fixed on a programme of opposition there may result before the vote is taken in more unity of action on the part of the Democrats of the house. Some of the Republican opponents of the bill will speak against it, but the leaders of the Republican opposition show a strong disinclination to participate in the debate on the ground that there is no hope of defeating the bill and their speeches would become

### COMES UP THIS WEEK.

Philippine Government Bill Will Be Considered in the Senate.

Washington, April 7.—The expectation of the friends of the Chinese exclusion bill is that its consideration by the senate will be concluded by the middle of the present week, if not before. The Philippine government bill will be taken up immediately afterwards. This bill probably will occupy attention for a considerably longer time than has any measure since the Philippine tariff bill was passed, and the Democratic members of the committee on the Philippines are now very industriously engaged in preparing for the debate. They do not profess to be able to defeat the measure, but say they will make strenuous efforts to secure material amendments. They object to various features of the bill and will charge that its primary purpose is to permit the granting of franchises. They will also take exception to the unqualified continuance of the administration of the affairs of the archipelago without making any provision looking to any form of self-government for the Philippine people. Other points of controversy will be the disposition of the friars' lands and of the public lands. Strangely enough, in view of recent controversies, the currency provision for the present, at least, seems to be the one feature on which there is harmony among all factions. Senator Lodge, as chairman of the Philippine committee, will have charge of the bill.

### Arrested for Train Robbery.

St. Joseph, Mo., April 7.—George Carson, a well dressed stranger, was arrested at Union Star, Mo., and is being held on the suspicion that he is a member of the gang that held up the northbound Burlington train near this city Thursday last. The Burlington engineer and fireman believe Carson is one of the robbers. He declines to give an account of himself or his movements.

### NEGOTIATIONS ARE SLOW.

Schalkburger and Boer Leaders Are Too Widely Separated.

Kroonstad, Orange River Colony, April 7.—Owing to the great distance separating the members of the Transvaal mission here from Mr. Steyn, the former president of the Orange Free State, and General Delarey, the negotiations between the Boer leaders in South Africa looking to the conclusion of the war make little progress. It is expected, however, that Mr. Schalkburger and his colleagues on the mission will shortly leave here for a more convenient center from which to conduct the negotiations.

### Forty Vessels Reported Missing.

Yokohama, April 7.—Forty vessels have been reported missing since the storm of April 4 and there have undoubtedly been many fatalities at sea.

### Voted Against Johnson's Impeachment.

Lexington, Ky., April 7.—The body of Former United States Senator Joseph H. Fowler, who died in Washington, aged 82 years, was buried here. In the famous impeachment trial of President Andrew Jackson, Senator Fowler voted against impeachment and for this he was afterwards received with some disfavor by his party. Before the war he was a professor in Vanderbilt university at Nashville. He was later controller of Tennessee and was sent to the senate from that state.

A LAND SEEKER  
DIES SUDDENLY

Son Arrived in the City this Morning From Spring Valley, Ia., To Investigate.

HAD BEEN IN HOSPITAL HERE.

Left Home in March and After Looking Around was Returning Home

James A. Morrow, of Spring Valley, Ia., arrived in the city this morning in answer to a telegram sent him from here conveying the information that his father had died very suddenly. His father's name is J. Morrow and after tracing the matter down he found that his father did not die here but at Backus, Saturday morning.

The young man had several letters from his father and he remembered that in one of them he said that he had been at St. Joseph's hospital in this city. He went to the hospital this morning and learned from the sisters that the deceased had been in the hospital about two weeks. It was not thought that there was anything seriously the matter with him when he left there and went to Backus.

Mr. Morrow senior left his home in Iowa sometime during the latter part of March coming up into this country looking for land. He was in the best of health when he left home but he had been troubled some with heart disease, and although no information further than what was contained in the telegram is in hand, the son thinks that his father must have died of heart trouble. He and Undertaker Losey went to Backus this afternoon to take charge of the remains.

Neighborhood Gossip.

The Baker "orphanage" has moved from Duluth to West Superior.

Fred Jessel, a ranchman living near Jamestown, dropped dead without warning.

The opening of the new Elk ball at Grand Forks was attended with sumptuous ceremonies.

John Grand, a prominent farmer of Preston, was found dead in the streets of that village. He had been on a spree for several days.

The fourteenth semi-annual meeting of the Northwestern Minnesota Educational Association was held at Moorhead the last of the week.

M. Lynch, chief dispatcher for the Great Northern at Spokane is dead. He was formerly dispatcher at Jamestown for the Northern Pacific.

Wood is the Newest Food.

Heinrich Reh, a Berlin chemist, has secured a patent upon a form of animal fodder which has sawdust as its chief ingredient. He argues that animals have a decided liking for young shoots, roots of shrubs, tree bark and other heavy food of the same nature, and, since experiments have proved that the nutriment contained in such growth remains in it even after it has become wood, he observes that with a little salt and water added to it the sawdust will prove to be a highly nourishing diet. He has the statistics to prove it. Pine, birch, poplar, alder, acacia, beech and walnut woods and straw have been analyzed chemically by him, and he finds that the wood has vastly more albumen, nitrogen and fatty substance than the straw. The inventor claims that "a very cheap cattle food can be prepared in this manner, to which may be added potato peelings, cornhusks and shells of grain and the residue from the sugar beet after the sugar has been extracted."

The Awakening of Spring.

With kisses straight from heaven the soft winds bring  
The first sweet odorous breath of wakening spring.  
And all down the glade soft whispers go  
To tell the waiting buds beneath the snow:  
"The spring is here, the jocund, joyous spring!  
Awake and hear the bluebirds' carol ring."

Aye, spring is here; she comes with smiling eyes  
And soft, white fleecy clouds in sapphire skies.  
A subtle thrill runs through the cold gray earth  
A thrill of love which promises new birth.  
The roots revive, the mosses creep and grow;  
Through gnarled old trunks new life begins to flow.

With glances warmer grown she melts the rills  
And breaks the icy fetters of the hills.  
Where yesterday the drifted snow did lie  
The sweet arbutus opens her starry eye.  
Hepaticas spring up from sodden mold  
And dandelions flaunt their stores of gold.  
Tiptoeing o'er the mountain tops, she weaves  
A robe of silvery green with tender leaves  
And throws it gently o'er the hills and dales.  
The naked forest and the barren vales,  
Embroderying it with blossoms every-where  
And scenting fold on fold with perfume rare.

## FOREST FIRES ARE PLAYING HAVOC

The Daggett Brook Country  
Scorched Again by Fires Yesterday and Today.

### INCENDIARISM IS SUSPECTED.

Over One Hundred and Fifty Tons  
of Hay Burned Belonging  
to Farmers.

The Daggett Brook country has been visited by another disastrous fire which, if it had not been for the timely effort of a few residents of that township, would have even eclipsed the fire of last fall when many thousands of dollars worth of hay and other material was burned.

The fire started yesterday morning and burned during the day quite fiercely. Something like one hundred and fifty tons of hay was burned, seventy tons of which belonged to John Lundquist. The balance of the hay burned was owned by M. Olson and other farmers of the Daggett Brook country.

It is thought that this fire was started by some one with an evil motive, as it was on a piece of property the owner of which does not live in the state at all. The people of this vicinity are very much incensed and they will ask that they be given some protection from such fiendish acts. The loss of hay to many of these farmers is a serious drawback at this time of the year, especially when this commodity is so high.

### ON A BIG SCALE.

R. D. Bruce Means Business---He Will  
Have One of the Finest Dairy  
Farms in the Country.

R. D. Bruce, who sometime ago bought something over 1480 acres of land within three miles of Brainerd, has arrived with his family from Olwein, Ia., and they have taken temporary quarters in a small house on Eighth street north. Mr. Bruce will run one of the largest dairy and stock farms in the northern part of the state. He will keep sixty cows, twenty-one head having arrived already. He is also having shipped fourteen brood mares and a stallion and other valuable blooded stock. He has already let a contract for the erection of three sets of farm buildings for the farm and one set to be erected in the city. As soon as he can secure a location he will build an elegant residence in the city. He expects to spend no less than \$20,000 this year in improvements.

### MONEY

Will Be Forced Upon You If You Buy Lots  
or Lands Now.

I have a few 5 acre farms left on Oak street south of the N. P. shops and some near that avenue where a man can live, keep a cow, poultry and other animals that are usually kept on a farm, and after breakfast or dinner walk to said shops in ten minutes. I have land within a half-mile of the Brainerd Lumber Co.'s yard and southeast of it, that I will sell in 10,20 or 40 acre pieces. Lands within a half-mile of the Northern Pacific Railway shops in 40 acre or smaller pieces.

Rich agricultural farm, grass and stock land in Crow Wing county.

I have some 5 acre tracts with residences on for sale.

I have lots in the various parts of the city of Brainerd.

Cheap lots and dear lots; business lots and residence lots.

If desired I will help a man to get a house on some lots or on a farm and near enough to the shops so he can go home to dinner within the noon hour.

Why pay rent when you can pay for a home with the same money.

Call and see me and see if any of the land or lots I have suit you.

## BASE BALL FANS GET TOGETHER

An Organization Perfected Which Will  
Insure Brainerd Some Fast Ball  
This Season.

Yesterday afternoon there was a rousing meeting at Gardner hall of the fans and base ball enthusiasts in the city, and plans for the coming season were discussed pro and con. It is believed that the manner in which the business was transacted yesterday will result in giving Brainerd one of the best teams this year that it has ever had. It was not only a meeting to discuss plans, but before the company dispersed an association was organized to be known as the Brainerd Base Ball Association. A. H. Bennett was elected president, George Brown treasurer and L. A. LaJoie secretary. A board of managers consisting of the president, treasurer and secretary and four men named on the outside, was created. The men who will compose the board in conjunction with the three officers are J. T. Sanborn, H. P. Dunn, S. R. Adair and George Sargent. E. C. Griffith was elected manager for the ensuing year.

Matters anent base ball were discussed yesterday afternoon and an expression was received from most every one present. It is proposed to make some arrangements to have grounds fixed up so that the home team will be at a better advantage than in former seasons. The president of the association will call a meeting in a few days, when more definite plans will be made for the season.

### Change in Dispatchers.

F. E. Potter, well known in this city and a son-in-law of the late A. P. Farrar, has been made chief train dispatcher on the line known as the old St. Paul & Duluth but which is now a part of the Northern Pacific system. Mr. Potter was for a time located at Winnipeg, but when the company sold that part of their line to the Canadian government he was transferred to Grand Forks, where he has held a similar position. Another change of dispatchers on the Northern Pacific is that of J. B. McLain, who has been night chief at Staples for some time and who has been given a similar position with the company at Minneapolis. Mrs. McLain is a daughter of Mrs. Mulrine.

He Sends a Letter to the Board of County  
Commissioners Withdrawing from  
This Office.

The news that Dr. Reimstad has resigned as coroner of Crow Wing county will be a surprise to his many friends in this city and county.

The doctor made his decision in this matter known to a number of friends this morning, and when seen by a representative of THE DISPATCH this afternoon he stated that he resigned for no other reason than that he could not afford to devote further time to the office. He stated that there was not a great deal in the office anyway, and a physician who had all he could attend to could ill afford to devote his time to the office.

Warrant Sworn Out for the Ar-

Cemetery Sexton.

### EVERGREEN OFTEN MOLESTED.

City Officials Have Been on the  
Watchout for Offenders who  
Carry off Decorations.

A rather aggravating charge has been made against Mrs. Henrietta Prentice by Sid. Hockridge, sexton at Evergreen cemetery, which is now in the form of a warrant in the hands of the sheriff.

It seems that the authorities have been advised on several occasions of petty thieving in Evergreen cemetery in this city. The thefts from time to time would consist of ribbons and valuable designs often left on the graves of the dead by relatives or intimate friends. While the value of these articles has been seemingly small the practice has been particularly annoying to those who have had to do with the city government. The attention of Mayor Halsted was called to this matter and from personal observation and investigation he was satisfied that something should be done to quell the nefarious practice. He immediately sought out Mr. Hockridge and gave him instructions accordingly. It is claimed that the sexton caught Mrs. Prentice in the act and now there is trouble in sight for her.

Mrs. Prentice was apprehended this afternoon and taken before Judge Blewitt. The case was adjourned until tomorrow morning.

It is the first company of fifty Juvenile artists, whose age range from seven to fourteen performing such operas and musical comedies as the "Geisha," "A Gaiety Girl," "The Belle of New York," "In Town" and "La Mascotte," all recognized successes. "A brighter cleverer and more happy lot of children could not be gotten together," said Mr. Muller. "The company has been extensively entertained by the leading people in each city where they have had the pleasure of performing. While in Singapore last year they were entertained by the Sultan of Johore at his palace. ## FOREST FIRES ARE PLAYING HAVOC

The Daggett Brook Country  
Scorched Again by Fires Yesterday and Today.

### INCENDIARISM IS SUSPECTED.

Over One Hundred and Fifty Tons  
of Hay Burned Belonging  
to Farmers.

The Daggett Brook country has been visited by another disastrous fire which, if it had not been for the timely effort of a few residents of that township, would have even eclipsed the fire of last fall when many thousands of dollars worth of hay and other material was burned.

The fire started yesterday morning and burned during the day quite fiercely. Something like one hundred and fifty tons of hay was burned, seventy tons of which belonged to John Lundquist. The balance of the hay burned was owned by M. Olson and other farmers of the Daggett Brook country.

It is thought that this fire was started by some one with an evil motive, as it was on a piece of property the owner of which does not live in the state at all. The people of this vicinity are very much incensed and they will ask that they be given some protection from such fiendish acts. The loss of hay to many of these farmers is a serious drawback at this time of the year, especially when this commodity is so high.

### ON A BIG SCALE.

R. D. Bruce Means Business---He Will  
Have One of the Finest Dairy  
Farms in the Country.

R. D. Bruce, who sometime ago bought something over 1480 acres of land within three miles of Brainerd, has arrived with his family from Olwein, Ia., and they have taken temporary quarters in a small house on Eighth street north. Mr. Bruce will run one of the largest dairy and stock farms in the northern part of the state. He will keep sixty cows, twenty-one head having arrived already. He is also having shipped fourteen brood mares and a stallion and other valuable blooded stock. He has already let a contract for the erection of three sets of farm buildings for the farm and one set to be erected in the city. As soon as he can secure a location he will build an elegant residence in the city. He expects to spend no less than \$20,000 this year in improvements.

### MONEY

Will Be Forced Upon You If You Buy Lots  
or Lands Now.

I have a few 5 acre farms left on Oak street south of the N. P. shops and some near that avenue where a man can live, keep a cow, poultry and other animals that are usually kept on a farm, and after breakfast or dinner walk to said shops in ten minutes. I have land within a half-mile of the Brainerd Lumber Co.'s yard and southeast of it, that I will sell in 10,20 or 40 acre pieces. Lands within a half-mile of the Northern Pacific Railway shops in 40 acre or smaller pieces.

Rich agricultural farm, grass and stock land in Crow Wing county.

I have some 5 acre tracts with residences on for sale.

I have lots in the various parts of the city of Brainerd.

If desired I will help a man to get a house on some lots or on a farm and near enough to the shops so he can go home to dinner within the noon hour.

SPECTATORS' STAND AT CLAS-  
GOW FOOTBALL GAME COL-  
LAPSES.

**SEVERAL MORE MAY DIE**

People Injured Will Number Two Hun-  
dred and Fifty—Heartrending  
Scenes When Names of Victims Are  
Posted—Accident Caused by Police  
Driving Invaders of the Field Back  
to the Seats.

Glasgow, April 7.—The casualty  
lists of the Ibrox Park disaster, when  
a number of persons were killed or  
injured by the collapse of a spec-  
tators' stand during the international  
football match between England and  
Scotland, have been completed. They  
eclipse all the reports and estimates  
of the casualties which were current  
at first.

The disaster has resulted in the  
death of 21 persons and the injury of  
250. Nearly 200 of the latter were so  
seriously hurt that they were taken  
to infirmaries for operations and treat-  
ment. One hundred and fifty of them  
still remain in the city infirmaries. A  
large proportion of the injured had  
limbs broken, bodies crushed and  
mangled and heads and faces gashed.  
Several more deaths will undoubtedly  
result from the most critical cases of  
fractured skulls.

The infirmaries were besieged by  
friends and relatives of victims of the  
disaster and heartrending scenes were  
witnessed when the names of those  
who died during the day were posted  
outside the buildings.  
An immense crowd had gathered at  
Ibrox Park to witness the last inter-  
national association football contest  
between teams from England and Scot-  
land. When the game began 70,000  
spectators were on the ground and  
thousands had gathered outside. Be-  
ing unable to obtain admittance this  
crowd broke down some of the bar-  
riers and swarmed upon the field,  
whereupon the police charged and  
drove the intruders back upon the ter-  
races and seats, with the result that  
the railings dividing the crowds were  
broken and the people were thrown  
over each other. In the frantic strug-  
gle toward the exits the pressure to-  
ward the upper portion of the wester-  
ly terrace was so great that 100 feet  
of the highest part of the structure  
collapsed under the weight of the  
crowd driven upon it, precipitating the  
mass of people to the ground, 60 feet  
below. The injured were piled in  
heaps, wedged in with broken wood.  
The onlookers hesitated to approach  
the dangling structure at first, but  
finally began to utilize portions of the  
broken barriers as stretchers.

The action of the authorities at  
Ibrox Park in averting a more gen-  
eral panic by permitting the game to  
proceed while they encouraged the im-  
pression that prevailed among the  
crowd within the enclosure that the  
accident was not so serious is now  
commended. The incongruity of yells  
of applause mingling with the groans  
of the struggling sufferers will never  
be forgotten by those who witnessed  
the scene at the rear of the terrace.

**CASUALTIES WERE HEAVY.**

Over Three Hundred Men Killed and  
Wounded at Doornbat Farm.

Klerksdorp, Transvaal Colony, April  
7.—Details received of the battle at  
Doornbat farm, March 31, in which the  
British had 3 officers and 24 men  
killed and 16 officers and 131 men  
wounded, while the Boers had 137 men  
killed or wounded, show that quite  
2,000 Boers opened a strong attack  
from different points with three guns  
and a pom-pom. This attack was made  
at a moment when the British had left  
their luggage in a laager in charge of  
the Canadian contingent and were gal-  
loping across the open plain with the  
intention of capturing a Boer convoy  
which had been discovered five miles  
ahead. The British raced steadily,  
and, having dismounted, opened a re-  
turn fusillade on the Boers.

While the luggage in charge of the  
Canadians was sent for the British  
formed a camp and started digging  
trenches. The shelling of the Boers  
stampeded the mules and caused con-  
fusion, but otherwise it was not very  
effective, as many shells failed to ex-  
plode. The Canadians were attacked  
by strong numbers, but they gallantly  
repulsed every attempt made by the  
Boers to break through. One party  
of the Canadians fought until all were  
killed or wounded, and the last man  
of this party, although mortally  
wounded, emptied two bandoliers of  
cartridges at the enemy and then  
broke his rifle.

The fighting was severe and general  
for fully three hours, but after the  
British had entrenched and the guns  
got into action the forces repelled nu-  
merous and determined attacks made  
under the personal exhortation of the  
Boer leaders.

Towards night the fire gradually  
ceased and the Boers retired. The  
British then telegraphed for aid and  
further entrenched their camp for the  
night to await the arrival of General  
Kitchener, but the Boers made no at-  
tempt to renew the attack.

**Chased Robbers Thirty Miles.**

St. Joseph, Mo., April 7.—The Rus-  
kin, Neb., bank robbers, four in num-  
ber, who secured \$15,000 Saturday  
morning, were chased by a posse of  
farmers for 30 miles until the robbers  
crossed into Kansas and separated  
near Belleville. A running fire was  
kept up for several miles. Blood-  
hounds were put on the trail of the  
bandits, but lost it near Scandia.

**Kruger's Relatives Swear Allegiance.**

Pretoria, April 7.—Casper Kruger,  
the eldest son of President Kruger  
and 24 other relatives of Mr. Kruger,  
bearing the same family name, are  
among those who are said to have re-  
cently taken the oath of allegiance to  
Great Britain.

**DISCRIMINATION CHARGED.**

Pacific Coast Lumbermen Appeal to  
Interstate Commerce Commission.

Tacoma, Wash., April 7.—Lumber  
organizations of this state have re-  
ceived information from Minneapolis  
and Chicago that after April 15 rates  
on lumber from the Minnesota transfer  
to Chicago and intermediate points  
will be 5 cents lower for output of  
Minnesota and Wisconsin mills than  
for the coast product. They declare  
that such discrimination will shut Pa-  
cific coast lumber and shingles out of  
a great number of towns in Minne-  
sota, Wisconsin, Iowa and other East-  
ern states. They have accordingly  
protested to the railroads and an ap-  
peal was mailed to Chairman Knapp  
of the interstate commerce commis-  
sion at Washington. The appeal for  
interference by the interstate com-  
merce commission is made officially  
by the Washington Red Cedar Shingle  
Manufacturers' association and Pa-  
cific Coast Lumber Manufacturers' as-  
sociation. If necessary local lumber  
interests will try a test case before  
the interstate commission.

**USED A JACK KNIFE.**

Albert Hawthorne Fatally Stabbed by  
John Berker at Woodboro, Wis.

Rhineland, Wis., April 7.—Albert  
Hawthorne was fatally stabbed by  
John Berker at Woodboro, six miles  
from Rhineland. Berker is a wood-  
man and formerly lived at Stevens  
Point, Wis. Accompanied by a man  
named Wells and provided with a  
quantity of liquor he visited Haw-  
thorne's room. After two hours a dis-  
pute arose which resulted in a quarrel  
between Berker and Hawthorne. Ber-  
ker drew a jack knife and slashed  
away at Hawthorne, the blade pen-  
etrating the back. It is said Hawthorne  
cannot live. Berker was arrested and  
taken to jail at Rhineland. A lynch-  
ing was narrowly averted.

**WILL HAVE STRONG ALLIES.**

Boston Labor Unions Promise Their  
Support to Brewery Workers.

Boston, April 7.—The brewery work-  
ers will have strong allies in the mem-  
bers of the Bartenders' union in their  
fight against the master brewers, al-  
though the exact form of method of  
support is as yet undecided. The Bar-  
tenders' union has adopted a resolution  
pledging support of any action de-  
cided upon by the joint committee of  
the Bartenders, Brewery Workers and  
Firemen's unions. The central labor  
union, composed of more than 90 af-  
filiated bodies, has promised support  
during the strike. The lumber team-  
sters also endorsed the strike and  
placed their funds at the disposal of  
the strikers.

**FOUR BURN TO DEATH.**

Dwelling at Boyne City, Mich., De-  
stroyed by Fire.

Boyne City, Mich., April 7.—The  
frame dwelling of Dr. Boyne, occu-  
pied by two families, was totally de-  
stroyed and four persons were burned  
to death. The dead are: Mrs. James  
Thompson, Mrs. Frank Littlefield, a  
6-year-old girl and an 8-year-old boy.  
Mrs. Littlefield and her two children  
were from Spokane, Wash. At the  
time the fire broke out all the persons  
in the house were upstairs asleep. The  
crackling of the fire awakened the  
sleepers and only Mr. Thompson es-  
caped. The loss on the building is  
estimated at \$3,000, partially insured.  
The origin of the fire is not known.

**IDLE SIX MONTHS.**

Scranton's Long Street Car Strike Is  
Finally at an End.

Scranton, Pa., April 7.—Scranton's  
six months' street car strike is at an  
end and the men will return to work  
in the morning. An agreement has  
been reached by General Manager  
Silliman and the executive board of  
the strikers. All the men are to be  
taken back as quickly as possible at  
the advance in wages recently an-  
nounced by the company. Many of  
the strikers have secured other em-  
ployment temporarily. The idea is to  
have these continue at their tem-  
porary work and allow the idle ones  
to have the places the company can  
immediately provide.

**BY WAY OF CANADA.**

European Paupers Being Shipped to  
the United States.

Antwerp, April 7.—Emigration  
agents here are sending paupers to  
Canada, promising them that they can  
cross the frontier when they get there  
and enter the United States.  
The Greek consul here is known to  
have dispatched 150 Greek paupers.  
The Red Star steamship line refused  
to transport them to New York, but it  
is believed they have entered the  
United States by way of Canada.  
The agents are very tricky in evad-  
ing the laws. It is reported that thou-  
sands of these paupers have entered  
the United States by way of the fron-  
tier.

**Carriagemakers Going on Strike.**

Washington, April 7.—Carriagemak-  
ers' union No. 72 has decided to go on  
strike because of the refusal of the  
manufacturers to grant their demand  
for an 8-hour day at a minimum scale  
of \$2.50. About 180 men will be af-  
fected. Three of the 33 employing  
firms have granted the demands of the  
men and in these shops the strike or-  
der will not be effective.

**Fatal Wreck on the Grand Trunk.**

Lansing, Mich., April 7.—While  
Grand Trunk passenger train No. 6  
was passing through Milletta, a tank  
station seven miles west of here, the  
rear coach and the Pullman sleeping  
car were thrown off the track. Abe  
Burnstone of Chicago was killed and  
five others were injured.

**Funston Goes to His New Post.**

San Francisco, April 7.—Brigadier  
General Frederick Funston left for  
Denver to assume command of the de-  
partment of Colorado. General Fun-  
ston was accompanied by his wife and  
infant son.

**Blizzard in Northern Michigan.**

Marquette, Mich., April 7.—North-  
ern Michigan is in the grip of a bliz-  
zard. Heavy snow is falling and a  
gale is lashing the lake to fury. The  
weather 24 hours ago was balmy and  
warm.

**NEAR THE EILLION MARK.**

Exports of American Farm Products  
the Largest Ever Known.

Washington, April 7.—The depart-  
ment of agriculture has issued a state-  
ment of the foreign trade of the United  
States in agricultural products. It  
shows that during the fiscal year 1901  
foreign countries purchased American  
farm products to the value of \$552,-  
660,000, representing the largest agri-  
cultural exports in our history. Com-  
pared with the record for 1900 they  
show an increase of over \$100,000,000.  
Our agricultural imports, on the other  
hand, disclose a considerable falling  
off when contrasted with the trade of  
the year preceding. The various prod-  
ucts of agriculture received from for-  
eign sources during 1901 had an ag-  
gregate value of only \$392,000,000, or  
\$23,000,000 less than in 1900.  
In comparison with the value of our  
agricultural imports, our agricultural  
exports show the exceptionally large  
excess of \$560,000,000.

**LOSE LAND IF THEY WED.**

Four Young People Find Government  
Laws Objectionable.

Minot, N. D., April 7.—Three men  
and three young women from the Twin  
Cities came to Minot last fall and  
filed upon government land north of  
the city, each taking a quarter sec-  
tion. All were formerly employed in  
a well known manufacturing plant in  
the flour city.

They planned to have a double wed-  
ding this week and surprise their  
friends. A local minister was en-  
gaged to tie the knot and all the ar-  
rangements were made. However, they  
discovered just in time that where two  
persons unite in marriage, each hav-  
ing an unperfected homestead entry,  
both entries cannot be carried to  
patent. The ceremony has been post-  
poned, therefore, without date.

**COMMERCIAL MEN IN UNION.**

Traveling Guild Determines Upon a  
National Organization.

Sioux Falls, S. D., April 7.—The or-  
ganization of the National Commercial  
Travelers' association was completed  
at the traveling men's convention dur-  
ing the day. The association now in-  
cludes South Dakota, Nebraska, Kan-  
sas, Missouri, Wisconsin, Minnesota,  
Illinois and New York, and later will  
embrace the entire country. The ob-  
jects of the association are securing  
better railroad rates, hotel accommo-  
dations and other conveniences for  
traveling men.

**BIG LUMBER FIRE.**

One and a Half Million Feet Burned at  
Rhineland, Wis.

Rhineland, Wis., April 7.—A fire in  
the Stevens Lumber company's yard  
destroyed 1,500,000 feet of lumber, the  
greater portion of which was owned  
by J. H. Queal & Co., of Minneapolis.  
John Godkin of Bay City, Mich., lost  
about 150,000 feet, and Wikson &  
Bronson of this city about 100,000 feet.  
For a time the mill district was threat-  
ened, and help was called for from  
Wausau.

**Wants Reciprocity for Peru.**

Lima, Peru, April 7.—Senor Ga-

one projected between the United  
States and Cuba in order to save the

## OVER A SCORE ARE DEAD

SPECTATORS' STAND AT CLAS-  
GOW FOOTBALL GAME COL-  
LAPSES.

### SEVERAL MORE MAY DIE

People Injured Will Number Two Hun-  
dred and Fifty—Heartrending  
Scenes When Names of Victims Are  
Posted—Accident Caused by Police  
Driving Invaders of the Field Back  
to the Seats.

Glasgow, April 7.—The casualty  
lists of the Ibrox Park disaster, when  
a number of persons were killed or  
injured by the collapse of a spec-  
tators' stand during the international  
football match between England and  
Scotland, have been completed. They  
eclipse all the reports and estimates  
of the casualties which were current  
at first.

The disaster has resulted in the  
death of 21 persons and the injury of  
250. Nearly 200 of the latter were so  
seriously hurt that they were taken  
to infirmaries for operations and treat-  
ment. One hundred and fifty of them  
still remain in the city infirmaries. A  
large proportion of the injured had  
limbs broken, bodies crushed and  
mangled and heads and faces gashed.  
Several more deaths will undoubtedly  
result from the most critical cases of  
fractured skulls.

The infirmaries were besieged by  
friends and relatives of victims of the  
disaster and heartrending scenes were  
witnessed when the names of those  
who died during the day were posted  
outside the buildings.

An immense crowd had gathered at  
Ibrox Park to witness the last inter-  
national association football contest  
between teams from England and Scot-  
land. When the game began 70,000  
spectators were on the ground and  
thousands had gathered outside. Be-  
ing unable to obtain admittance this  
crowd broke down some of the bar-  
riers and swarmed upon the field,  
whereupon the police charged and  
drove the intruders back upon the ter-  
races and seats, with the result that  
the railings dividing the crowds were  
broken and the people were thrown  
over each other. In the frantic strug-  
gle toward the exits the pressure to-  
ward the upper portion of the westerly  
terrace was so great that 100 feet  
of the highest part of the structure  
collapsed under the weight of the  
crowd driven upon it, precipitating the  
mass of people to the ground, 60 feet  
below. The injured were piled in  
heaps, wedged in with broken wood.  
The onlookers hesitated to approach  
the dangling structure at first, but  
finally began to utilize portions of the  
broken barriers as stretchers.

The action of the authorities at  
Ibrox Park in averting a more gen-  
eral panic by permitting the game to  
proceed while they encouraged the im-  
pression that prevailed among the  
crowd within the enclosure that the  
accident was not so serious is now  
commended. The incongruity of yells  
of applause mingling with the groans  
of the struggling sufferers will never  
be forgotten by those who witnessed  
the scene at the rear of the terrace.

### CASUALTIES WERE HEAVY.

Over Three Hundred Men Killed and  
Wounded at Doornblat Farm.

Klerksdorp, Transvaal Colony, April  
7.—Details received of the battle at  
Doornblat farm, March 31, in which the  
British had 3 officers and 24 men  
killed and 16 officers and 131 men  
wounded, while the Boers had 137 men  
killed or wounded, show that quite  
2,000 Boers opened a strong attack  
from different points with three guns  
and a pom-pom. This attack was made  
at a moment when the British had left  
their luggage in a laager in charge of  
the Canadian contingent and were gal-  
loping across the open plain with the  
intention of capturing a Boer convoy  
which had been discovered five miles  
ahead. The British raced steadily,  
and, having dismounted, opened a re-  
turn fusillade on the Boers.

While the luggage in charge of the  
Canadians was sent for the British  
formed a camp and started digging  
trenches. The shelling of the Boers  
stampeded the mules and caused con-  
fusion, but otherwise it was not very  
effective, as many shells failed to ex-  
plode. The Canadians were attacked  
by strong numbers, but they gallantly  
repulsed every attempt made by the  
Boers to break through. One party  
of the Canadians fought until all were  
killed or wounded, and the last man  
of this party, although mortally  
wounded, emptied two bandoliers of  
cartridges at the enemy and then  
broke his rifle.

The fighting was severe and general  
for fully three hours, but after the  
British had entrenched and the guns  
got into action the forces repelled nu-  
merous and determined attacks made  
under the personal exhortation of the  
Boer leaders.

Towards night the fire gradually  
ceased and the Boers retired. The  
British then telegraphed for aid and  
further entrenched their camp for the  
night to await the arrival of General  
Kitchener, but the Boers made no at-  
tempt to renew the attack.

### Chased Robbers Thirty Miles.

St. Joseph, Mo., April 7.—The Rus-  
kin, Neb., bank robbers, four in num-  
ber, who secured \$15,000 Saturday  
morning, were chased by a posse of  
farmers for 30 miles until the robbers  
crossed into Kansas and separated  
near Belleville. A running fire was  
kept up for several miles. Blood-  
hounds were put on the trail of the  
bandits, but lost it near Scandia.

Kruger's Relatives Swear Allegiance.  
Pretoria, April 7.—Casper Kruger,  
the eldest son of President Kruger  
and 24 other relatives of Mr. Kruger,  
bearing the same family name, are  
among those who are said to have re-  
cently taken the oath of allegiance to  
Great Britain.

## DISCRIMINATION CHARGED

Pacific Coast Lumbermen Appeal to  
Interstate Commerce Commission.

Tacoma, Wash., April 7.—Lumber  
organizations of this state have re-  
ceived information from Minneapolis  
and Chicago that after April 15 rates  
on lumber from the Minnesota transfer  
to Chicago and intermediate points  
will be 5 cents lower for output of  
Minnesota and Wisconsin mills than  
for the coast product. They declare  
that such discrimination will shut Pa-  
cific coast lumber and shingles out of  
a great number of towns in Minne-  
sota, Wisconsin, Iowa and other East-  
ern states. They have accordingly  
protested to the railroads and an ap-  
pel was mailed to Chairman Knapp  
of the interstate commerce com-  
mission at Washington. The appeal for  
interference by the interstate com-  
merce commission is made officially  
by the Washington Red Cedar Shingle  
Manufacturers' association and Pa-  
cific Coast Lumber Manufacturers' as-  
sociation. If necessary local lumber  
interests will try a test case before  
the interstate commission.

### USED A JACK KNIFE.

Albert Hawthorne Fatally Stabbed by  
John Berker at Woodboro, Wis.

Rhineland, Wis., April 7.—Albert  
Hawthorne was fatally stabbed by  
John Berker at Woodboro, six miles  
from Rhineland. Berker is a wood-  
man and formerly lived at Stevens  
Point, Wis. Accompanied by a man  
named Wells and provided with a  
quantity of liquor he visited Haw-  
thorne's room. After two hours a dis-  
pute arose which resulted in a quarrel  
between Berker and Hawthorne. Ber-  
ker drew a jack knife and slashed  
away at Hawthorne, the blade pen-  
etrating the back. It is said Hawthorne  
cannot live. Berker was arrested and  
taken to jail at Rhineland. A lynch-  
ing was narrowly averted.

### WILL HAVE STRONG ALLIES.

Boston Labor Unions Promise Their  
Support to Brewery Workers.

Boston, April 7.—The brewery work-  
ers will have strong allies in the mem-  
bers of the Bartenders' union in their  
fight against the master brewers, al-  
though the exact form of method of  
support is as yet undecided. The Bar-  
tenders' union has adopted a resolution  
pledging support of any action de-  
cided upon by the joint committee of  
the Bartenders, Brewery Workers and  
Firemen's unions. The central labor  
union, composed of more than 90 af-  
filiated bodies, has promised support  
during the strike. The lumber team-  
sters also endorsed the strike and  
placed their funds at the disposal of  
the strikers.

### FOUR BURN TO DEATH.

Dwelling at Boyne City, Mich., De-  
stroyed by Fire.

Boyne City, Mich., April 7.—The  
frame dwelling of Dr. Boyne, occu-  
pied by two families, was totally de-  
stroyed and four persons were burned  
to death. The dead are: Mrs. Jones  
Thompson, Mrs. Frank Littlefield, a  
6-year-old girl and an 8-year-old boy.  
Mrs. Littlefield and her two children  
were from Spokane, Wash. At the  
time the fire broke out all the persons  
in the house were upstairs asleep. The  
crackling of the fire awakened the  
sleepers and only Mr. Thompson es-  
caped. The loss on the building is  
estimated at \$3,000, partially insured.  
The origin of the fire is not known.

### IDLE SIX MONTHS.

Scranton's Long Street Car Strike Is  
Finally at an End.

Scranton, Pa., April 7.—Scranton's  
six months' street car strike is at an  
end and the men will return to work  
in the morning. An agreement has  
been reached by General Manager  
Silliman and the executive board of  
the strikers. All the men are to be  
taken back as quickly as possible at  
the advance in wages recently an-  
nounced by the company. Many of  
the strikers have secured other em-  
ployment temporarily. The idea is to  
have these continue at their tem-  
porary work and allow the idle ones  
to have the places the company can  
immediately provide.

### BY WAY OF CANADA.

European Paupers Being Shipped to  
the United States.

Antwerp, April 7.—Emigration  
agents here are sending paupers to  
Canada, promising them that they can  
cross the frontier when they get there  
and enter the United States.  
The Greek consul here is known to  
have dispatched 150 Greek paupers.  
The Red Star steamship line refused  
to transport them to New York, but it  
is believed they have entered the  
United States by way of Canada.  
The agents are very tricky in evad-  
ing the laws. It is reported that thou-  
sands of these paupers have entered  
the United States by way of the fron-  
tier.

### Carriagemakers Going on Strike.

Washington, April 7.—Carriagemak-  
ers' union No. 72 has decided to go on  
strike because of the refusal of the  
manufacturers to grant their demand  
for an 8-hour day at a minimum scale  
of \$2.50. About 160 men will be af-  
fected. Three of the 33 employing  
firms have granted the demands of the  
men and in these shops the strike or-  
der will not be effective.

### Fatal Wreck on the Grand Trunk.

Lansing, Mich., April 7.—While  
Grand Trunk passenger train No. 6  
was passing through Milletta, a tank  
station seven miles west of here, the  
rear coach and the Pullman sleeping  
car were thrown off the track. Abe  
Burnstone of Chicago was killed and  
five others were injured.

### Funston Goes to His New Post.

San Francisco, April 7.—Brigadier  
General Frederick Funston left for  
Denver to assume command of the de-  
partment of Colorado. General Fun-  
ston was accompanied by his wife and  
infant son.

### Blizzard in Northern Michigan.

Marquette, Mich., April 7.—North-  
ern Michigan is in the grip of a bliz-  
zard. Heavy snow is falling and a  
gale is lashing the lake to fury. The  
weather 24 hours ago was balmy and  
warm.

## NEAR THE BILLION MARK.

Exports of American Farm Products  
the Largest Ever Known.

Washington, April 7.—The depart-  
ment of agriculture has issued a state-  
ment of the foreign trade of the United  
States in agricultural products. It  
shows that during the fiscal year 1901  
foreign countries purchased American  
farm products to the value of \$552-  
000,000, representing the largest agri-  
cultural exports in our history. Com-  
pared with the record for 1900 they  
show an increase of over \$100,000,000.  
Our agricultural imports, on the other  
hand, disclose a considerable falling  
off when contrasted with the trade of  
the year preceding. The various prod-  
ucts of agriculture received from for-  
eign sources during 1901 had an ag-  
gregate value of only \$332,000,000, or  
\$23,000,000 less than in 1900.

In comparison with the value of our  
agricultural imports, our agricultural  
exports show the exceptionally large  
excess of \$560,000,000.

### LOSE LAND IF THEY WED.

Four Young People Find Government  
Laws Objectionable.

Minot, N. D., April 7.—Three men  
and three young women from the Twin  
Cities came to Minot last fall and  
filed upon government land north of  
the city, each taking a quarter sec-  
tion. All were formerly employed in  
a well known manufacturing plant in  
the Flour City.

They planned to have a double wed-  
ding this week and surprise their  
friends. A local minister was en-  
gaged to tie the knot and all the ar-  
rangements were made. However, they  
discovered just in time that where two  
persons unite in marriage, each hav-  
ing an unperfected homestead entry,  
both entries cannot be carried to  
patent. The ceremony has been post-  
poned, therefore, without date.

### COMMERCIAL MEN IN UNION.

Traveling Guild Determines Upon a  
National Organization.

Sioux Falls, S. D., April 7.—The or-  
ganization of the National Commercial  
Travelers' association was completed  
at the traveling men's convention dur-  
ing the day. The association now in-  
cludes South Dakota, Nebraska, Kan-  
sas, Missouri, Wisconsin, Minnesota,  
Illinois and New York, and later will  
embrace the entire country. The ob-  
jects of the association are securing  
better railroad rates, hotel accommo-  
dations and other conveniences for  
traveling men.

### BIG LUMBER FIRE.

One and a Half Million Feet Burned at  
Rhineland, Wis.

Rhineland, Wis., April 7.—A fire in  
the Stevens Lumber company's yard  
destroyed 1,500,000 feet of lumber, the  
greater portion of which was owned  
by J. H. Queal & Co., of Minneapolis.  
John Godkin of Bay City, Mich., lost  
about 150,000 feet, and Wikson &  
Bronson of this city about 100,000 feet.  
For a time the mill district was threat-  
ened, and help was called for from  
Wausau.

### Wants Reciprocity for Peru.

Lima, Peru, April 7.—Senator Ga-  
vandi, in a recently published article,  
advocates strenuous efforts on the part  
of Peru to secure a reciprocity treaty  
with the United States similar to the  
one projected between the United  
States and Cuba in order to save the  
sugar industry of Peru.
